VOLUME 129 1982 SUBJECT INDEX

WATER

MANAGEMENT

ADMINISTRATION

Crisis: Financing Water and Wastewater. E. J. Gilliland and Steve H. Hanke . . . . **June 41**
How Safety Became a Habit at Coldwater Creek. Patrick T. Karney . . . **Feb. 30**
Motivating Employees. Robert H. van Deusen . . . **Feb. 34**
Price or Persuasion? John T. Wenders . . . **Mar. 32**
Safety and the Human Factor. Ann Smith . . . **Nov. 32**
Strategies for Reuse and Conservation. Barney P. Popkin . . . **Mar. 36**
Water and Wastewater Managers Face the Financially Troubled 1980s. Frank G. Honeycutt, Jr. and W. Boyd London, Jr. . . . **Feb. 24**

PLANNING AND SCHEDULING

Billing Data Aids Utility Planning. N. K. Hook, Jr. . . . **Mar. 42**
Developing an Effective Maintenance Program. George R. Freiberg and William B. Thompson . . . **Jan. 30**
Much More to Rates than Tradition. Christopher Woodcock . . . **Oct. 24**

SUPPLY AND RESOURCE

GROUND

Aquifer Management in Dade County. Douglas Yoder . . . **Apr. 34**
Control Measures for Groundwater VOCs. Garret P. Westerhoff and Vincent W. Uhl, Jr. . . . **July 30**
Florida Style Water Supply and Treatment. O. K. Buros, T. A. Ridgik, C. R. Sproul, M. R. Vilaret and R. A. Yorton . . . **Apr. 30**

SURFACE

Florida Style Water Supply and Treatment. O. K. Buros, T. A. Ridgik, C. R. Sproul, M. R. Vilaret and R. A. Yorton . . . **April. 30**
Protecting the Source. Susan A. Roberts and S. K. Krishnaswami . . . **Mar. 28**

REUSE

Saving Water Scenically. John Burgh . . . **Mar. 46**

STORAGE

Historic Standpipe a Functional Beauty. Leonard R. Grimes and John E. Corey . . . **Dec. 31**

TREATMENT

DESIGN

Galvanized Steel Stalls Treatment Plant Corrosion. Bobbie Harmon . . **Feb. 42**
How Screen Mounting Affects Microscreening Hydraulics. John W. Wittman . . . **Feb. 44**
New Technology for Drinking Water Treatment. Stephen J. Randtke . . . **July 38**
Why Go Unconventional? Dr. G. E. Symons . . . **July 50**

COAGULATION

Piloting Mag-Carbonate Treatment. T. E. Taylor, M. E. Bolding and C. E. Stringer . . . **Apr. 50**

FILTRATION

Mother Nature as Sludge Thickener. Carl Canfield and Russell L. Sutphen . . . **Dec. 22**
Packaged Plant Treats Turbidity. Roy A. Burnham and Walter C. Trnka . **Apr. 56**
Water Plant Grows Bigger, Cuts Electric Bill. Staff Report . . . **Dec. 29**
West River Gets Innovative Technology. Richard McHugh and Kenneth W. Henderson . . . **July 47**

DISTRIBUTION

DESIGN

Centrifugal Pump Basics. William W. French . . . **Dec. 33**
Keeping Clean Water Clean. Karl B. Stinson . . . **Oct. 30**
Water Hammer. William Generke . . . **Apr. 58**

PIPING

Aquatic Invaders. Michael H. Gerardi and James K. Grimm . . . **Oct. 22**
Dual Distribution System Solves Pelican Bay's Water Supply Problems. Robert R. Wright and P. Fred Biery . . . **Jan. 46**
Fresh Water for the Keys. Ronald F. York . . . **Nov. 30**
Pinpointing Pipe Ruptures. André Divenot . . . **Nov. 36**
Programmable Hazen-Williams. Robert L. Sturtz . . . **Sept. 33**
Statistical Cost Function for Water Mains. Bruce M. Firestone . . . **May 50**
Treated Water Forever Pure? Karl B. Stinson . . . **Sept. 34**
Valve and Hydrant Maintenance. Joseph H. Kuranz and Brian S. Barrett . **Oct. 33**

METERING

Sizing and Selecting Modern Water Meters. Ed Seruga . . . **Jan. 40**

STORAGE

Spokane's Blue Lagoon. Richard E. Saty . . . **Sept. 38**
Treated Water Forever Pure? Karl B. Stinson . . . **Sept. 34**

INSTRUMENTATION

OPERATIONS

Making Chlorination Trustworthy. William H. Nagle . . . **June 38**
Right Place, Time and Technique: Right Sample. Douglas M. Grant . . . **June 28**

WASTEWATER

MANAGEMENT

ADMINISTRATION

Crisis: Financing Water and Wastewater. E. J. Gilliland and Steve H. Hanke . . . **June 41**
How Safety Became a Habit at Coldwater Creek. Patrick T. Karney . . . **Feb. 30**
Ladders to Success. Paul Hersch **Nov. 26**
Motivating Employees. Robert H. van Deusen . . . **Feb. 34**
Safety and the Human Factor. Ann Smith . . . **Nov. 32**
Training Makes Enforcement Easier. Gene A. Erickson and Michael W. Herman . . . **Nov. 24**
Water and Wastewater Managers Face the Financially Troubled 1980s. Frank G. Honeycutt, Jr. and W. Boyd London, Jr. . . . **Feb. 24**

PLANNING AND SCHEDULING

Developing an Effective Maintenance Program. George R. Freiberg and William B. Thompson . . . **Jan. 30**
To Save Energy Dollars, Start with a Sound Audit. Carl J. Michels . **Dec. 27**

COLLECTION

DESIGN

Centrifugal Pump Basics. William W. French . . . **Dec. 33**
Detroit-Style CSO Studies. M. J. Graham . . . **May 22**
Discharge to the North Sea. Arthur Cockburn . . . **May 30**
Intensive Flow Monitoring—Cost-Effectiveness with a Quality Edge. Peter N. Keefe . . . **July 34**
Storm and Combined Sewers: Part of the Treatment Process. Richard Field . . . **Jan. 34**

PIPING

A Legacy from Construction Grants. Jerry S. Kipp . . . **May 38**
Attacking Odors with H_2O_2. John A. Burgh and A. Norman Gaume . . . **Oct. 26**
Cross-Country Force Main. Staff Report . . . **June 47**
Programmable Hazen-Williams. Robert L. Sturtz . . . **Sept. 33**
San Diego Solves a Pipe Problem. Staff Report . . . **May 36**
Sewer Maintenance and Rehab Options. Paul L. Andrews and Stephen A. Yonker . . . **May 38**

TREATMENT

DESIGN

Deep Shaft. James Lock . . . **May 57**
Galvanized Steel Stalls Treatment Plant Corrosion. Bobbie Harmon . . **Feb. 42**
How Screen Mounting Affects Microscreening Hydraulics. John W. Wittman . . . **Feb. 44**
The CCP Way to Better Effluents. Bob A. Hegg, Kerwin L. Rakness and James R. Schultz . . . **Sept. 40**

The CCP Way to Better Effluents. Bob A. Hegg, Kerwin L. Rakness and James R. Schultz . . . **Sept. 40**

SECONDARY

A Low-Cost Secondary Treatment Alternative. Linvil G. Rich . . . . . **Feb. 27**
Digester Control Pays Dividends. James Higgins and David Stoltenberg . **July 54**
Domes, Bubbles and Paper Waste. Ralph Kinzel and H. Rushton . . . . . **Apr. 47**
Estimating Waste Activated Sludge. Linvil G. Rich . . . . . **Nov. 35**
How Appleton Reduced Phosphorus. Peter Wachs and E. L. Laurent . . **May 32**
How Much Air? Madan L. Arora . **June 43**
Making the Most Out of Mosto. Staff Report . . . . . **Sept. 30**
Microscreening Experiences. Joe Bob Cravens and William A. Lauritch . . **Sept. 44**
PAC Process. John A. Meidl . . . **June 33**
Polymer Plays Plant Improvement Role. Whitfield VanCott and James F. Moore . . . . . **May 48**
Right Velocity Keeps the Solids Up. Ben Cook. . . . . **Mar. 49**
Tackling Seasonal Load Variations. Colonel Norman Connell . . . . . **Mar. 52**

SLUDGE MANAGEMENT PROCESSING

Shaking Down a Solids Handling System. Eric Teittinen . . . . . **Jan. 45**
Sludge Hauling Charges Float Away. L. L. Good . . . . . **Feb. 40**
Solution to Odor Problem Gives Unexpected Savings. Donald J. Rudolph . . . . . **Nov. 28**

DISPOSAL

Dealing with that Never-Ending Sludge Output. G. Lee Christensen . . **Dec. 25**
Mother Nature as Sludge Thickener. Carl Canfield and Russell L. Sutphen . **Dec. 22**

INSTRUMENTATION OPERATIONS

Right Place, Time and Techniques: Right Sample. Douglas M. Grant . . . **June 28**

A Centennial Review. . . . .The Way it Used to Be. . . . . . **Aug. 24**
